HOLZliebe
EIN PRODUKT DER MARKE ELKA

We, as manufacturers, love our natural wood boards. With the name ‚Holzliebe‘, or ‚wood love‘, we give our products a quality finish with first-class printing. Our love of home is just as strong as our love of wood. That is why our first collection has the name ‚Heimat‘ or ‚home‘. Home for elka means the Hunsrück.

Together with our employees, we have selected our seven decors and assigned motifs in our region.

HOLZLIEBE OR WOOD LOVE STANDS FOR:

- ✓ Digital printing to the highest standards
- ✓ A high-quality final coat guarantees durability and colour fastness
- ✓ Attractive surface feel produced by brushing our natural wood board VITA
- ✓ Ecological natural wood board with sustainable printing (use of organic inks)

For lovers of spruce

The Hunsrück is an area of idyllic scenery right in the heart of Rhine - land-Palatinate. The unspoilt region presents a tranquil mix of shadowy woods and blooming meadows. There are several protected areas in the Hunsrück, including the Saar-Hunsrück Nature Park and the recently opened Hunsrück-Hochwald National Park in the south-western part of the low mountain range.

SPRUCE DREAM - CLASSIC BROWN

The Spruce Dream - Classic Brown reflects a rustic wood look in a warm shade of brown.

SPRUCE DREAM - RUSTIC

A rustic decor which impresses with its natural and, at the same time, modern look and feel.

For a change of scenery

The Hunsrück offers great opportunities for hiking. You can get to know the region by exploring the multitude of paths on the two premium hiking routes of Saar-Hunsrück-Steig and Soonwaldsteig.

MODERN PINE

The modern decor, Modern Pine, reveals the exciting wood structure of the pine. The light brown colour symbolises a friendly atmosphere.

MODERN PINE

A man and a woman are walking across a long suspension bridge. The bridge has a wooden deck and metal railings. They are surrounded by a dense forest of tall evergreen trees. The bridge is suspended by cables and towers. The scene is captured from a low angle, looking down the length of the bridge.

For trendsetters

The Geierlay bridge, at 360 metres, is Germany's longest rope suspension bridge. The distance to the ground is over 100 metres. It is situated between the municipalities of Mrsdorf and Sosberg.

VINTAGE

A modern, dark-grey colour in a trendy used look with structure depth.

VINTAGE II

Lively, rustic old-wood look in light grey for all trendsetters.

For lovers of oak

The municipality of Herrstein boasts over 60 ornate half-timbered houses from the 15th to the 18th century. The historic centre has architecture from the late Gothic, Renaissance and Baroque periods.

COUNTRY HOUSE - LIGHT OAK

Friendly light colouring by liming produces a surprising oak effect.

COUNTRY HOUSE - LIGHT-BROWN OAK

Classically elegant in a warm wood tone and a distinctive oak wood look.
